## Manage Blocking

### Restricted List

When you add a friend to your Restricted List, they won't see posts on Facebook that you share only to Friends. They may still see things you share to Public or on a mutual friend's timeline, and posts they're tagged in. Facebook doesn't notify your friends when you add to your Restricted List. ### Block users

Once you block someone, that person can no longer see things you post on your timeline, you to events or groups, start a conversation with you, or add you as a friend. Note: Do games or groups you both participate in.
